6713-Dr. Rs-hd 88-88a**AMENDMENTS TO THE CLAIMS**

Claim 1 (currently amended)

1. Cosmetic or dermatological preparation which are finely disperse water-in-oil system comprising
 1. an oil phase,
 2. a water phase,
 3. at least one modified phyllosilicate which exhibits both hydrophilic and lipophilic properties and positions itself at the water/oil interface and
 4. at most 0.5% by weight of one or more emulsifier said preparation is emulsifier-free.

Claim 2 (cancelled)

Claim 3 (previously presented)

2. Preparation according to claim 1, wherein the further cosmetic or pharmaceutical auxiliaries, additives and/or active ingredients are present.

Claim 4 (previously presented)

3. Preparation according to claim 1, wherein the content of one or more modified phyllosilicates is between 0.05% by weight and 10% by weight based on the total weight of the preparation.

Claims 5-8 (cancelled)

Claim 9 (previously presented)

4. Preparation according to claim 1, wherein in addition to one or more modified phyllosilicate, further pigment(s) is/are present wherein said further pigment(s) is/are selected from the group consisting of modified polysaccharide(s), microfine polymer particle(s), micronized inorganic pigment(s) and mixtures thereof.

Claim 10 (previously presented)

5. The preparation of claim 9, wherein said micronized inorganic pigment(s) is/are amphiphilic metal oxide(s).

Claim 11 (previously presented) 5

6 11. The preparation of claim 10, wherein said amphiphilic metal oxide(s) is/are selected from the group consisting of titanium dioxide, zinc oxide, iron oxide(s), iron mixed oxide(s), silicon dioxide, silicate(s) and mixtures thereof.

Claim 12 (previously presented)

7 12. Preparation according to claim 3, wherein said further cosmetic or pharmaceutical auxiliaries, additives and/or active ingredients are UV filter substances.

Claim 13 (previously presented) 7

8 13. Preparation according to claim 12, wherein said UV filter substances are unsymmetrically substituted s-triazine derivatives selected from the group consisting of 2,4-bis([4-(2-ethylhexyloxy)-2-hydroxy]phenyl)-6-(4-methoxyphenyl)-1,3,5-triazine and dioctylbutylamidotriazone.

Claim 14 (previously presented)

9 14. Preparation according to claim 3 wherein said further cosmetic or pharmaceutical auxiliaries, additives and/or active ingredients are sulfonated UV filters selected from the group consisting of phenylene-1,4-bis(2-benzimidazolyl)-3,3'-5,5'-tetrasulfonic acid and its salts; benzene-1,4-di(2-oxo-3-benzylidenemethyl-10-sulfonic acid) and its salts; 3-phenylbenzimidazole-5-sulfonic acid and its salts; and sulfonic acid derivatives of 3-benzylidenecamphor and salts thereof.

Claim 15 (previously presented)

10 15. Preparation according to claim 1 further comprising one or more additives or active ingredients selected from the group consisting of astringents, antimicrobially active substances and substances effective against acne.

Claim 16 (previously presented)

11 16. Preparation according to claim 4, wherein the content of one or more modified phyllosilicate(s) is/are between 0.1% by weight and 2% by weight based on the total weight of the preparation.
